## Profile

With over 23 years of experience as a registered nurse, Samantha is a highly dedicated and skilled rehabilitation case manager. Her practical, reassuring, and honest approach to client care ensures the security and well-being of her clients and their families, while effectively managing cases within specified timelines. Samantha possesses exceptional organisational skills that enable her to navigate complex cases seamlessly.

Samantha's extensive first-hand knowledge and training, acquired over two decades in nursing, encompass diverse age groups, including children, young adults, and older adults, all facing various neurological and health challenges, including those with significant medical complexities. Her specialisation lies in working with clients who have experienced brain injuries, mental health disorders, learning difficulties, polytrauma, complex orthopaedic and medical negligence cases.

Throughout her nursing career, Samantha has honed her expertise in delivering care to clients with complex health needs within community settings. Her passion lies in assisting individuals with successful community reintegration, including supporting them in securing sustainable vocational, educational, or employment opportunities. She also has a proven track record of guiding clients through the benefit system and navigating Education Health Care Plans. Samantha's extensive experience, combined with her compassionate and pragmatic approach, positions her as an invaluable asset in the role of a Rehabilitation Case Manager.

## Testimonial

"I enjoyed working with Sam and found her to be a thorough and conscientious Case Manager. She communicated clearly by phone and email and organised regular multi-disciplinary team meetings so she could co-ordinate and oversee the therapy being provided to her client. She took the lead in assuring the client's rehabilitation was goal focused and she acted as the link between the clinical and legal teams. She showed an excellent understanding of the medico-legal process. I found Sam to be an excellent team player and she demonstrated a good understanding of rehabilitation and the roles of the team members." - *Specialist Neuro Occupational Therapist*
